CHARADE WINS THE BIG HANDICAP-FAIRY IN FRONT, AND A RACE FOR WOLSEY.

Richard Croker had the pleasure of seeing his colors in front at the Edzabeth track yesterday, his bay mare Fairy capturing the second race in impressive from a miserable field. Alfred Hennen Morris. fresh from his labors at Albany, sat with Mr. Croker in the stewards' box, and had the pleasure of seeing the colors of J. A. & A. H. Morris first past the post, Wolsey winning the last race. The races were well attended, and some of them were interesting Perrier Jonet. enough to keep a man from freezing to death in the

Oaklawn was the only withdrawal from the first race, a selling affair at six farlongs. C. Cornellisen's cheatnut cell Shelley Tutile was the laverite, at 6 to 5, but those in the know backed W. Lovell's buy colt Jack Lovell, by Muscovy, out of Fedora II, getting 4, 3, and 2 1-2 to 1. Tals colt from Guttenburg ran a shockingly had race a few days ago, yet on this occasion the hillton plangers invested their money with the supremest confidence. They felt that they had an absolute certainty. And they were right. The race was never in doubt. Shelley Tuttle got off in front, but was soon in treatle. Jack Lovell then came away under a pull and won hands down by three lengths, Shelley Tuttle second, the same distance before the Brighton Stable's chestnut colt Mohammed. Walcott & Campbell started in this race an angular, leggy chest mt gelding by Rayon | wack, which opens on Manday, promises well. The track | day: d'Or, out of Clemency-their first start this sea-Clement did not do anything wonderful. George Taylor had a mount on Mohammed.

For the second race Richard Croker's Fairy was an overwhelming favorite, going to the post at 1 to 4. the was as homely a creature as ever appeared on a racecourse. In her preliminary canter she was in great pain, and went along under protest. When the flag fell, however, she forgot her rhoumatism, and the race turned out to be only an exercise gal-lop. She literally walked in. W. C. Daly's Lizzie made the running for half a mile and finished second, with long odds against her. Fexhall Keene's White Rose was thought to have a look in, but she ran a poor race, barely capturing third place in a hard struggle Fairy, Lizzic, White Rose, Virgle and Gertle D. all carried the same weight-105 pounds. The time-1:16 2-1-showed that the track was better than

The second edition of the New-Jersey Jockey Club Handicap brought out the Woodlawn Vase, brightly polished, and a fair field of lorses. W. C. Daly' bay horse Terrifier and Richard Croker's chestnar filly Yorkville Pelle were withdrawn. The starter were R. Bradley's brown colt Blitzen, winner of the first edition of this race; W. C. Daly's bay col Fidelio, M. F. Dwyer's lay gelding Receland, P. J Dwyer & Son's brown filly Madrid, John Mullins' boy horse Badge, J. M. Jeffcott's chestnut colt Ham liton, the Sheffield Stable's chestnut colt Mordotte W. R. Jones's brown colt Charade, and Walcott Campbell's bay horse Diablo.

Raceland moved freely in his preliminary cante

and the public rushed madly to back him, knowing that there was a string to the vase and that Blitzer would never win the trinket. The honest little hors went begging at 10 and 12 to 1. Madrid, who car ried but 90 pounds and looked exceedingly well captured many. The "handicappers" plumped on her for a good thing, backing her at 10 and 8 to 1 for hundreds all over the ring. Charade looked a triffe high in flesh, but was not unbacked at 8 and 10 to 1. Doggett had the mount. After a delay of ten minutes at the post a fair start was made, Charade and Blitzen in the lead, Madrid close behind. Jones did not allow the grass to grow under Blitzen's feet. In his anxiety he hurried the colt from the start and never stopped driving for a moment. This was not to Blitzen's liking, and when he got to the head of the stretch he was willing to release his hold on the Woodlawn Vase. Charade, who had been second all the way, now moved into the lead, followed by Diablo, Taral was diligently working. Raceland reached the end of his tether soon after entering the stretch, and labored badly the rest of the journey. Diablo and Charade were then left to fight out the firish, the result of the struggle being a good head victory for Charade, Diablo second, two lengths before Raceland. Madrid was outrun from the start. She was so messed about that she never got on her stride once in the entire journey. She probably carried more money than any other horse in the race. Hasry Jones was responsible for her poor performance. The Dwyer Brothers keep the Woodlawn Vase, They have put it up three or four times, but none can win it from them.

The Empire Stable's bay horse Milt Young was warm favorite for the fourth race, at six furlongs, and the opposition was so weak that he did not have to exert himself to win. He went to the post at a to 5. Doggett rode. Prince Howard, ridden by Bergen, finished second, Warsaw third. The shef-field Stable's chestnut filly Sohnetta was a wellbacked second choice, but the distance was too long the ran well for half a mile.

A. Lakeland's bay colt Hoey won on Friday, and was thought good enough to win yesterday, so the public made him the favorite for the fifth race at Your Uncle William Daly's bay colt Alcalde, at 7 to 1, turned up an easy winner, Hoey second, W. H. Roller's chestnat filly Azmel third. It was a poor race. Alcalde's vast improvement in the last three or four days was noticed by many.

Hennen Morris brought good luck to his stable in

the last race, as his imported colt Wolsey, by Hampton out of Jennie B., succeeded in getting home in front. The Glen Island Stable's chestnut gelding Fredericks was second, W. C. Daly's bay filly Gertie third. The youngsters ran the first half mile so fast that in the last furlong they could do little more Wolsey was the favorite at than stagger along.

W. C. Daly had his horse Terrifier led to the judges' stand so that Hennen Morris might look him over, and a report was quickly spread that Mr. Morris wanted to buy him back. This, of course,

It was reported at the track that the well-known okmaker "Ike" Thompson is deing okmaker "Ike" Thompson is dying. Thompson one of the most peculiar characters on the turf. Tournament has been declared out of the Suburban. These are the summaries: FIRST RACE-A sweepstakes. For three-year-olds. Sell-

GROUND BROKEN FOR A PARISH HOUSE.

THE FIRST PRESENTERIAN CHURCH TO ERECT

A NEW BUILDING. was broken last week for a new parish house, to be erected by the First Prosbyterian Church, which occupies the west side of the block bounded Fifth-ave, and Eleventh and Twelfth sts. The new building will stand on the part of the property which abuts on Eleventh-st. It will be of the perpendicular Gothic style of architecture, to conform with the church itself. Increased facilities for parish work, due to the recent growth of the congregation, make the new building a necessity. Both the pastor, the Rev. Dr. Howard Duffield, and the trustees of the

THE NEW PARISH HOUSE.

church have long appreciated this need, and some months ago it was decided that \$50,000 should be appropriated for the purpose, the details of the plan being left to McKim, Mead & White, the architects. The new building will front on Eleventh-st., with a wing connecting it with the rear of the church. brownstone will be the material used in its construc-The old church house, a plain, unpretentious affair of contracted dimensions, has been torn down to make room for the more stately and more modern edifice. When completed, the new house will seem to be a part of the original church building and will not have the semblance of an addition. It will also tend to enhance the beauty of the site, which has been distinguished for years by reason of its broad lawns and abundant foliage, which flank the church

Special attention has been paid to the interior construction, with the result that it will be unusually commodious and well arranged. The woodwork will be chiefly of ash and oak, most of the ceilings being of the latter material. A mosaic floor will be laid in the vestibule, but the general furnishing will be of a simple and unostentations character. The basement will be devoted to the kitchens, controoms, invatory, heating space and drying-room. On the first floor will be the pastor's study, lecture-room and reading-room. The study will be 60 feet by 30 feet in its dimensions, and the reading-room will be 24 feet square. The Sunday-school room, having the same superficial area as the sindy directly underneath If, will occupy the major part of the second and third stories with a skylight in the roof 35 feet above the floor. This room will contain two galleries which can be divided into small classrooms, by means of rolling shatters. The remaining part of the second floor will be used for the societies engaged in church mission work, session and committee rooms will fill in the remaining space on the third floor. The building will be heated by steam, and is to be lighted by electricity. It is expected that it will be ready for occupancy in the autumn. t, will occupy the major part of the second and third

THE OHIO COAL MINERS MAY STRIKE.

Columbus, Ohio, April 22.-In all probability the whole body of coal miners in Ohio will go out on a strike on May 1, as the result of the fatlure of the miners and operators to agree on a wage scale for the year beginning at that time. The miners asked an increase of 5 cents a ton, and the operators refused to give it. Both Patrick A. Meliride, secretary treasurer of the National United Mine Workers, and J. L. Harris, president of the Ohio Mine Operators' Association, said in an interview yesterday that a strike scened inevitable, and McBride thinks that it will spread to Indiana and Pennsylvania.

THE COURT DECLINES TO ORDER AN ELECTION. Providence, R. L. April 22.-The Supreme Court to-day declined to order the Town Council of South Kingstown to order a new election for Senator and Representative, there having been no election at the hast trial and the Council holding that the constitu tional time limit prevented the calling of another election. The Court held that the General Assembly was the sale judge of the eligibility of its members and that the Court had no right to interfere. Counsel for the Democrats, who want the election held, asked for a hearing to argue the constitutional point, urging that a hold-over member had no right to vote upon the constitutional amendment to be acted upon by the next Assembly. A hearing was set down for Lext Saturday. A new election in South Kingstown would go far toward setting the question who will be the next Governor of the State.

INDICTED FOR FRAUDS UPON A BANK

Nashville, Tenn., April 22.-The United States Grand Jury has returned six indictments against persons with the recent failure of the Cor National Bank. M. A. Spurr, the president, is in dicted for certifying falsely to checks. Three ments are found against Frank Porterfield, cashler, charging him with frauds, embezzlement and con-spiracy, and one against George A. Dazey of the firm of Dobbins & Dazey, the cotton merchants, whose failure perceptitated that of the bank, Dazey is charged with fraud and conspiracy. Gray Hair.

THE H. H. WARNER COMPANY SUED.

ITS NAME APPEARS AS INDORSER, BUT THE OFFICERS SAY WITHOUT AUTHORITY.

Rochester, April 22. Sults have been began against the H. H. Warner Company as indorser on the Yates and Warner paper now going to protest. The com-pany propers to defend itself on the ground that or John Palmer, as treasurer, nor H. H. Warner, a president, had the authority to sign the corporation

R. G. Dun & Co. states that some of the Yate Warner paper now ubroad hears also the name of the Warner Company. If this is true, then the safcure corporation will be called upon to meet the pay

Manager Cook, of the local Dun agency, said to "How much there is of this paper we are unable at present to state. In fact, no one but the officer of the company can give you the exact amount of such paper that is in existence." The carporation attorney acknowledg if the existence of the personal paper of Mr. Warner with the indorsement of the Warner Com-pany, and said: "Such indersement was visibly unauthorized and will be contested and resisted independently by the company."
- How much of the paper bearing the indersement

of the company is now outstanding?" asked the report r.

"That is not for the public to know at present,"
said Mr. Yeoman.

The amount of paper bearing the company's indersement held by various banks throughout the United states and Canada is said to be large. A meeting of the directors of the H. H. Wanner Company was held this morning. Mr. Warner refused to be interviewed.

THE KROUSKOFF PAILURE FOR \$100,000. Savannah, Ga., April 22.-The Habilities of the Kron-koff millinery failure amount to \$100,000. The misocured debts amount to between \$50,000 and \$55,000; s emed, \$48,000. The sheriff was made receiver yesterlay. The comes assigned for the fall-Krouskeff's had investments, business I ass

RAILEOAD INTERESTS.

W. R. PARCOCK SUCCEEDS A. C. KENDALL.

W. R. Babcock has been appeinted general pass neer agent of the New-York and New-England Rai Toad, with headquarters in Bosion, vice A, γ , Kendall, re-igned, to accept the general passenger agency of the Old Colony Railroad system (N. Y., N. H. and H. R. R. Co. lessee); appointment and resignation are effective on Mr. Babeeck is now the Southern passenger agent of the Central Vermant Railroad, as well a travelling passenger agent of the N. Y. and N. R. R and the N. Y. and N. E. R. R., in this city, and was formerly general Western passenger exent of the Y, and N. E. R. R., with office in New York. fore that he was a sistant general passager agent of the Providence and Stoutngton Stemmship Company. Mr. Labcock is a sen of the late Captain D. S. Eab cock, who was president of the Providence and Stomuglen Steamship Company and view-president of the New York, Providence and Leston Railroad Com-pany until his death.

RAILROAD CONSTRUCTION ILLUSTRATED. The second number of the "Four-track series" in the literature of the Passenger Department of the New York Central, just issued, contains an extract from the Century Dictionary of the information it contains about reilroads, illustrated by cuts of the various shings entering into the construction and equipment of a modern steam railroad. It also contains an interesting article on railroad bridges.

TO ARGUE THE GEORGIA CENTRAL CASE SOON. On the application of Henry Q. Crawford, counsel for the Richmond Terminal, Justice Jackson, sitting as Associate Justice of the Circuit Court for the outhern District of Georgia, has fixed on May 2 as th date when he will hear the motions submitted by Mr. Crawford in the Georgia Central case. Mr. Craw-ford asks for the cancellation of the Georgia Central receivership. He declares that a lear of \$000,000 made by the H. B. Hellins syndicate, well as further loans of \$3,889,206 by the Hellins syndicate and \$705,003 by the Mercantile Trust Company, were not used to preserve the netonomy of the Georgia Central system, but were directed to take up outstanding loans secured by collateral needed by the syndicate for its reorganization scheme and to pay off obligations of the receiver. C. H. Phinizy, one of the Georgia members of the reorganization committee, has resigned has position.

READING TO SURRENDER NEW-JERSEY LINES. Philadelphia, April 12.-Application was made yes terday to the Circuit Court for permission to the Reading Railroad to surrender the possession and operation of the Easton and Amboy Railroad and the Lenigh Valley Terminal Railway, these being the lines belonging to the Lehigh Valley Railroad in the State of New Jersey. It is understood that the legal advisers of the Reading and of the Lehigh Valley bay

DECORD IN A SOUTHERN ASSOCIATION. St. Louis, April 22.-The recently formed souther Pailway and Steamship Association, with headquarters at Atlanta, is threatened with disruption. The Kans is City, Fort Scott and Memphis Raliway has given office that rates are not being maintained in the Memphis and Birmingham territory, that the rules of the association are otherwise violated, and that it de-ires to withdraw from the as-ociation. The with drawal will of course affect all competing lines, and

other notices of withdrawal may be loosed for, meeting will seen be called, at which it is hop harmony may be restored, but the outlook is not a correging. A COMPLAINT FROM THE ATCHISON.

Chicago, April 22.-Trouble seems impending in regard to Western World's Pair passenger rates; and If it is not dissipated by May I there will be peace for many a day. When the Atchison road an nonneed that it was about to leave the Western Passenger Association, it declared that it would, under o circumstances, legin a war of rates unless com-It sent notice to day to its pelled to take such a step. empetitors that it had found on the Denver market tickets sold by the Denver and Rio Grande, reading from Pueblo to Kansas City over the Burlington and Missouri from Denver, with the Pueblo coupon cut off. Those tickets were all being sold at from \$5 to \$7 under the regular rate. The Atchison announces that if these tickets are not taken off the market by May 1 it will immediately after that date make similar reductions in the regular rate from Denver to Chleugo and St. Lonis. Tids means the actual opening of a fight which will last all through the begin and the utter demoralization of all rates throughout the West during the time of the Fair. The roads which have opposed the Atchison in the fight of that road against the Denver and Rio Grande say that the rate of \$100 amounced from California last night by the Aschison will not bold. All of the roads are now working desperately to get their tickets out in time to be on safe by Tursday.

TO INCREASE ITS CAPITAL STOCK. At a special meeting of the stockleiders of the Houston, West effect and Pavonia Ferry Railroat (the Metropolitan Traction syndicate) yesterday it was manimously voted to increase the capital stock from \$1,000,000 to \$7,000,000. The increase is for the purpose of retiring \$0,000,000 second mortgage bonds.

ADVANCING THE PRICE OF LIMA CRUDE OIL. Lima, Ohio, April 22.-The Standard Off Company through their purchasing department in this city yesterday gave notice of an advance in price of cents a barrel for Lima crude. This makes the price in the Wood County field or northern district 48 cents barrel, and in the southern district 40 cents.

VICE-PRESIDENT CON SPEAKING OF AMERICA'S FAVORITE WATER, "Bethesda certainly possesses medicinal properties of rare value."
Sold by Drugists and Grocers and all the stores of Acker. Merrall & Condis and Park & Titlord.

MME. BLAVATSKY'S ASHES.

PREPARING FOR THEIR RECEPTION.

TO BE DEPOSITED AT THE THEOSOPHICAL HEAD QUARTERS-READY FOR THE CONVENTION. Workmen were engaged yesterday on the third for of the headquarters of the Theosophical Society No. 144 Madison-ave., in preparing the slab which to close in the tiny sarcophagus containing the ashe of Mmc. Blavatsky, which is to be placed in niche in the wall at the east end of the room When everything is in place it will be convenient to a marble mantelphere, on which this inscription is carved: "There is no religion higher than truth The slab which will close in the ashes is rectangula in form, and is composed of Sienna marble.

BERTRAM REIGHTLY.

surmounted by a character which represents the first letter of the Sans rit alphabet, and sounds in English like Aum. This means the trinity of Creator, Preerver and Destroyer, or Brahma, Vishnu and Siva. In the centre of the slab is the seal of the society. which is of polished bronze, and represents a serpent swallowing its tail, typical of the unending cycle of time. A little wheel that comes between the and the fall of the serpent is the wheel of evolution, the spokes turned at the end, giving the impression that it is in motion. Inside of this ery two interlaced triangles, an old symbol, representing the deality of nature; one, with the apex pointing upward, and which is supposed to be white, representing the postive, or spirit, g od and hight, and the other pointing downward representing the negative, or matter, evil Theosophists hold means more to them than it does its indebtedness and retire existing securities. to Christians, because they maletain that the cross

founding of the society in New-York, the next her segregation of the immense plant that it has taken going to India, and the last the year of her death. years to build up. All the business now is practically There will be no ceremony in putting the ashes in the surcophagus and finally depositing it in the niche. this end for some years. William Q. Judge, the general secretary, will do this in presence of two or three witnesses. In the same it was at nounced for a certainty that the works room where the relic is a set of tools of Brahmin would be continued on full time.

| Workshoper Ponn, April 22.—Over \$100,000 was worship is displayed on a table in a glass case, sait to be the only set of the hind in this country. It distributed among the 4,500 employes of the Pennsyl-

onsists of twenty-two small pieces of polished bronze of various sizes and shapes, none of them more than a few inches in height or width, some of them ex-tremely tiny, and all of them Isoking in some sensethe the weights and measures used by a practical

held to-day, so that all might have an opportunity of becoming personally acquainted with each other, Aryan Hall, which is on the first floor of the buildling, was crowded, and the visitors regaled them-selves with sundwiches and cold water; and all seemed happy, jovial and pleasant. There was a large at-tendance, among those present being William Q. Indee, the general secretary; Dr. J. S. Buck, of Cin innati, who will speak at the convention on "The Antiquity of Man"; D. Buchmann, Fort Wayne, Ind. E. B. Rambo, of San Francisco; Mrs. A. L. Blodgett and Mrs. White, both of Scattle, Wash.; J. R. Bridge, George T. Ayres and Robert Crosbie, all of Keightley, secretary of the Indian section of the society, who will speak at the convention to day on ociety, who will speak at the society," and to morrow on "Necessity of Study of Metaphysic"; J. Guildford White, Washington, D. C., and C. A. Snow, also of Washington; A. H. Gocchrich, Palliadelphia, H. T. Patterson, William Main and Colonel H. N. Hooper, of Brooklyn; Dr. J. H. Sallsbury, E. A. Nereshelmer and Mrs. Nereshelmer, A. H. Spencer, Alexander Fullerton; Elliott B. Page, of St. Leuis; Mrs. M. E. Swaser, Mrs. Mayer, Dr. John F. Miller, Carcham Harding and Claude F. Wright and George E. Wright, of Chicago. A basiness mosting will begin at 10 o'clock to-day in Aryan Hall, No. 144 Madisonave, at which matters of detail will be treated, and reports heard from the officers of the condition of the soriety in this country. The two next sessions will be in Scottish Rite Hall in the afternoon and evening the first at 2:30 and the next, at 8:15 p.m. The fourth and last will begin to-morrow at half-past 10 in Aryan Hall. Miss Alice M. Jurge will be the organist, and amont the different subjects to be discussed will be "The Theosophical Congress at the Werld's Fair." India and the Theo-ophical society," and to-morrow

HE DEFIED THE HEALTH AUTHORITIES. Walter Bamford, a wealthy slik manufacturer of

Paterson, N. J., will be arraigned before Police Justice Van Cleve on Monday. He is charged with violating the health law. A domestic employed by Bumford was taken ill with scirlet fever. The Health Board attempted to put a scatter-fever placard on the house, but he refused to allow it. When they did attach it he tore it off. He also refused to allow the authorities to furnizate the premises.

FUNERAL OF H. WEBSTER STOW. New-Haven, Conn., April 22 (Special).-The funeral

of H. Webster Stow, which took place at his home, No. 1,241 Chapelet., yesterday afterneon, was largely attended, many friends and relatives from New-York, being present. Mr. Stow died on Tucsday night, from cerebre spinal meanights, after an illness of only three days. He was been in this city fifty two years ago, and leaves a wife and daughter, Miss Edith Stow, who is a successful contributor to "The Youth's Companion" and other periodicals. Mr. Stow was a brother-in-law of Theolore F. Booth, one of the leading lumber merchants of New-York, at No. 91 Wall-st. Mr. Stow was prominently identified with New-Haven's prosperity, and was a business man of high integrity. He had been for many years super-intendent of the Sunday-school of Calvary Eaptist Church, and was also an active member and efficial of the church. When a young man he was a teacher in the Thomas School for Boys and in the Elderage School. He afterward removed to Chicago, where he

engaged in business, but he came East again to accept the place of screening of the New-Haven Steam awadil (onepany. About eight years ago he engaged a business at he, and at his death was at the head of the leading lumber centern of this city. The Lumbers Designs Association passed appropriate resolutions and closed their business places to attend the uncerd.

THE BIG STEEL FAILURE.

T CAUSES A DEPRESSION IN THE TRADE.

SELIEF THAT BOTH THE STEELTON AND SPAR-ROW POINT PLANTS MAY PROFIT-

ABLY CONTINUE.

P. Had Iphia. Apr I 22.-The failure of the Pennsylcanta Steel Company has depressed the iron and steel rade, and it is the belief in financial circles that be emberra-sment of the large concern is but the overnmen of lesser failures in the same line. to h of the Penesylvania Steel Company, which was esterday offered at 100, with no bids, was to-day He ed at 20 with 50 hid. None, however, was sold. At the offices of the company in this city to-day a shing could be learned beyond the fact that a tatement of the assets, flabilities, etc., is being prepared, and will be ready for distribution early next week. Who the heaviest creditors are is as yet unanown, but it is said that New-York firms are heavily involved. The Prihidelphia banks hold large quan-lities of "fron paper," and the failure has affected of them. The paper of the Ponnsylvania many of them. The paper of the Pennsylvania stiel Company has always been regarded as gift-edged, and the sudden failure of the contemporary duced a "slump," ir m which there has not been, and will not for some days be, a recovery.

A report that the Pennsylvania Railroad is involved embarrasament is not believed. Brokers say that while the rallroad is interested in the steel company, the interest is comparatively small, and will have no effect upon the former corporation.

James M. Swank, secretary of the American Iron and Steel Association, while admitting that the present condition of the iron trade was a bad one, aid to-day that there was no doubt that the Pennsylvania Steel Company's embarrassment would only be temporary. He said there was tremendous capital behind it, and it would recover with cautious and juticious management. Mr. Swank further said that the effect of the precarious condition of the iron trade was not so badly felt by the Pennsylvania Steel Company as the drain upon its resources due to the increase of its plant.

Haltimore, Apr l 22 (special).—The embarrassment of the Fene-sylvinia and the Maryland steel companies ontinued to artiste financial circles here to day. While the benhs and other creditors of the Maryland company seem to have perfect faith in its solvency and future ability to meet all obligations, some fears are expressed that the growing stringency in the market may cause further trouble. It was rep ried that the company is considering a plan to and darkness. Within this is a cross, with a loop at reperied that the company is considering a plan to the top, which stands for the cross of life, and which issue general mortgage 6 per cent bonds to liquidate paper of the Maryland company was offered for sale here to benkers by Tible Brothers, as well as one other bank. The amount of this paper held by banks in this city amounts to \$500,000; it is indersed by the consylvanta at el company only, and is not secured The sparrow Point works have made large earn

ings from the start. With rails at \$29 a ton, \$8 was clear profit, and with a daily output averaging 600 tons a day the absolute profit was \$5,000 a day. Both companies had to carry the debt of several new roads until the bonds paid for the rails were marketable and the railroad corporations could carn interest The Marviand steel clear of operating expenses. Company has been decining orders for steel rails, and now has on hard business enough to inst until Sepmber 1, and over 200,000 tons of ore at Sparrow cint. Officers of the Bultimore banks say Point. Officers of the Baltimore banks say they feel protected by the valuable plant and material on hand at the Point. President Wood, new also the receiver of the Maryland Company, said to night that he thought that in three months at the outside both companies will be in a position to ask for the discharge of receivers. The The first was the year of her birth, the next the from getting into incompetent hands and the possible on a cash basis. The company has been working to

There was rejeleing at Sparrow Point to-day when

vania steel Company at Steelton to-day. It was the largest semi-monthly pay-roll in the history of the plant, and the prompt payment of the men restored confidence in the ability of the company to recover from its present embarrassment. There was a brief from its present characteristics, and the state of the st evening to accommodate while a few employes were withdrawing their deposits, many others were depositing their money, and before moon there was a general feeling of security. Superintendent Felton and Assistant superintendent reany were both seen by a reporter, and they scoulabeling of the future. They declared there was no occasion for depandency.

The superintendent said the appointment of receivers would not have any effect whatever upon the coverage in improvements now under way at a tection.

crivers would not have any effect whatever upon the important improvements now under way at steelion. One of the six new open hearth furnaces is completed, and its product equals two of the old farmets. Mr. Tenny remarked that the present rolling facilities are not adequate in view of the large output of the new open hearth plant. Mr. Felton said the business at steel on was never in a more presperous and encouraging condition. "We have all the work we can do." he said, "and orders are still coming in. I see nothing but the brightest projects for the immediate rolline,"

of the Pennsylvania Steel Company, at No. 2 druggist.

It the company would work out all right and speed

to make addresses at the convention to be promised to make addresses at the convention to be no made to the company, but it had been declined.

The trouble was due entirely to the money stringency.

The annual address will be delivered by the chair
the trouble was due entirely to the money stringency. and money-lenders are distrustful of industrial enterprises now until they can see a better financial outlook. The prosident of the company has advised the stockholders to hold on to their stock. Mr. Baldwin o'clock. This meeting, as well as the morning says he is a stockholder, and the heads of the department on Wednesday, will be open to the public. ments hold stock in the company. The manufactur ing part of the company's business is in a flourishing the receivers; there are more orders on hand now than can be filled. Regarding the large expenditures at sparrow Point, Md., amounting to 86,500,000, he said that they represented not only the manufacturing business, but an entire town of 3,000 or 4,000 in habitants, with houses built and occupied by workmen, a magnificent Bessemer plant, four blast furnaces and a well-equipped shippard. The T rails are now made at sparrow Point; they were formerly made at Steelton, Pena., but the works there are being modified for the manufacture of girder ralls for electric roads. This has decreased the output from the plant there, but the changes are nearly completed and will be a large source of revenue. The Habilities are held by strong parties. There is an immense amount of material on hand which will be worked up as fast as possible and turned into money to pay off these liabilities. The company employs about 7,000 men. The stockholders are principally in Philadelphia. The New-York office is a selling branch.

BENJAMIN MULAIN & CO. ATPACHED. Chleago, April 22.-Frank E. Tyler, who is exten-

ively engaged in the hide and fertilizing bu kness, having branch houses in this city, Kansas City and New York, under the firm name of Benjamin McLata & Co., was attached this morning by the Metro-politan National Bank of Kansas City for \$50,000. The seizure was made on the Metropolitan National Fank of Chicago where, according to advices, Tyler has \$50,000 on deposit. The Hiels Car Company, in

which Tyler is said to own one-half interest, was also levied upon. Kansas City, April 22.-Attachments were levied this

morning upon the Benjamin McLaln & Co., of Kansas City, aggregating \$67,000. The attachments were run by the Metropolitan National Bank of this city for \$50,000, and the other creditors who have claims for smaller amounts. Yesterday afternoon Frank E. Tyler, the principal stockholder in the company and its manager, gave mortgages to his wife and his sister-in-law, Mrs. Benjamin McLain, in the sum of \$50,000 each. Tyler is not to be found and as statement can be obtained from him concerning his embar, assment.

CIVIL SERVICE REFORMERS TO MEET.

BUSINESS SESTIONS, PUBLIC MEETINGS AND A DINNER.

The angual meeting of the National Civil Service Reform League will be held in this city on Tuesday and Wednesday. The general headquarters of the eague during the two days of the meetings will at the house of the City Club, No. 677 Fifth ave., where rooms will be retained for the use of members and their friends. A joint meeting of the Wall-st., said vesterday that he felt positive that the *members of the General Committee and of the Executrouble of the company would be only temporary, and tive Committee will be held at the City Club at 4:20 p. m. on Tuesday, and the members of these

> man of the Executive Committee, Carl Schurz, at the Madison Square Garden Assembly Hall, Madisonave, and Twenty-sixth-st., on Tuesday evening at \$

meeting on Wednesday, will be open to the public.

The first general business session of the league will be held April 25 at 10:30 a. m., at the City condition, he continued, and will go right on under Cab. The business at this session will be the election of a president and the reading of the following papers: "The Use of Patronage to Influence Legislation," by Charles J. Bonaparte; "Platforms and Fromises," by William Dudley Foulke. At 1:30 p. m. refreshments will be served.

The second general business session will be held at the same place at 2:30 p. m. This session will be devoted to the hearing and consideration of reports and resolutions. At 7 p. m. on Wednesday members of the New-York Civil service Reform Association will give a dinner at the Hotel Savoy, Fifthave, and Fifty-ninth-st., to the delegates from the various associations composing the National League, and it is hoped that all who are able to do so will remain and assist at this reunion. Those who know in advance that they will be able to attend will confer a favor by informing the secretary, at the office of the league, No. 54 Williamst.

REVIEW OF THE IRON AND STEEL TRADE. Philadelphia, April 22.—In the annual report of the American Iron and Steel Association, which will scon be Issued, Secretary Swank gives a general review of the domestic iron trade for last year.
"It cannot be truly said that our iron and steel

industries were prosperous in 1892," he says, "and the lack of prosperity was conspicuously shared by the South. Thus far in 1803 there has been no note worthy improvement in the prices of Western wheat and corn and Southern cotton, while the prices of most from and steel products are lower now than they were at the end of 1892. The general financial situation in this country and in Europe in 1892 was not favorable to the building of new railroads, and hence was not favorable to our iron and steel industries.

The secretary gives overproduction as the principal rause of the iron and steel depression, and says in

February and March of this year there were slight advances in the prices of lessemer pig from and Bessemer billets, while other prices, notably of somthern pig from, are weaker now than in December, Even Fessemer pig from and Bossemer billets are lower, he concludes, in April than in March.

NO BOSTON WOOL DUTIES TO BE REFUNDED. Poston, April 22.-It has been stated that the Government would be obliged to take several million dollars from the Trassury for the refunding of duties erroneously collected under the recent decision of the Circuit Court of Appeals on the sorting clause of the wool tariff. Collector Beard said to-day that there were no duties to be refunded on wool imported at the port of Rosten, although this is the largest wool market in the country.
